

Couple Positive

(Intergalactic space keepers)

Hassie Dune & Ania Brzezinska's "Move Stimulating Spirit Music".

25 years of musical journeys (all over the world),
and a special interest in Afro-American music culture,
inspired Couple Positive to create their own Rhythm & Roots repertoire.

Uplifting music, in which ambient tunes as well as groovy party songs are
combined, to inspire people to express and share their own positive vibration.

Leading melodies on Trumpet, N'goni (West-African harp) and Voices,
accompanied by a Rhythmic flow of Handpan, Loops
and all kinds of Percussion instruments.
